Temperature Monitoring Gates
Published: April 24, 2020

DH Pace is working with KBB, a worldwide expert in doors, to offer two temperature detection gates for mass temperature screening to enhance the safety of facilities in Manufacturing, Distribution, Healthcare, Education, Government, Transportation, and other facilities where helping control outbreaks of infectious diseases are critical.

Features

- Non-Contact Infrared Body Temperature Detection with Accuracy up to +/- 0.3°C
- High Capacity with Detection Time Approximately One Second
- Dual Alarm, Audible and Visual with LCD Display
- Portable Design and Easily Moved for Indoor and Outdoor Applications -4°F to 113°F (Model A) or 20° – 95°F (Model B)
- Data Storage for 9,999 to 99,999 Passes
- Power Requirements 110/220V
- Network Software and Battery Backup Features (optional)

Metal Detection (Optional)

- Metal Detection Sensitivity Adjustment
- Anti-Interference Function to Prevent False Alarm

THE DH PACE DIFFERENCE

PROFESSIONAL EMPLOYEES  
Trained, highly skilled and ready to serve

BROAD PRODUCT OFFERING  
For every type of door, loading dock and security system in all types of buildings

CUSTOMIZED SOLUTIONS  
Designed to meet each customer’s specific needs

RELIABLE SERVICE  
Nationwide service when and where customers need it

LIFE CYCLE BUILDING MANAGEMENT  
A trusted partner of construction, renovation, maintenance and repair

Our mission is to improve the safety, security and convenience of buildings in the communities we serve. We fulfill this mission by installing, maintaining and servicing all types of door, docking and security systems. We have been serving customers since 1926, and today our services are offered nationwide with emergencies handled promptly – anytime, day or night.

PRODUCTS
Commercial Sectional and Rolling Doors
Industrial, High Speed and Specialty Doors
Loading Dock Equipment
Entry Door Systems and Automatic Doors
Electronic Security and Gate Systems
Residential Garage Doors and Openers

SERVICES
Emergency Service
Part Sales and Service
Planned Maintenance Program
